Megatronic

Powerman 5000

Don't you know What I've got you always got Can see right through you Through the lies and through the trouble Tricks and check what you are doing When you're crying in the corner over there you seem pathetic Yeah now drop this mega bombshell Cause believe you won't forget it Don't you know I am The Megatronic Don't you know I am the one Don't you know I am The Megatronic Don't you know I am the one Don't you know How I stand up You're brainless, if you've got one Wasting it they're here to take us Now I'm louder than a shotgun Load it down and don't give up And put some plastic, steel, and wire When I rock, I rock the planets Maybe later I'll retire Don't you know I am The Megatronic Don't you know I am the one Don't you know I am The Megatronic Don't you know I am the one Let it go and let it fly And let it bust into the new world Let it live or let it die A message sent it was so wacky Almost gone and almost gone And if it's gone it's gone forever And they're trooping with their training Because no one does it better Don't you know I am The Megatronic Don't you know I am the one

Don't you know I am The Megatronic Don't you know I am the one (one, one, one) Don't you know I am The Megatronic Don't you know I am the one Don't you know I am The Megatronic Don't you know I am the one (one, one, one)
