

Top of the World

Powerman 5000

Oh Yeah! Yay!
Baby, baby!

Look around
Look around
Tell me what you see
It's going down without you

Look around
Look around
Show me anything
That makes you feel like I wanna belong

What have you got
What do you need (from me now)
What do you think
There's no difference between me and you

Hey!
What's on top of the world when you get there
What's on top of the world (hey, hey!)
What's on top of the world when you get there
What's on top of the world

Step it up
Step it up
Before you disappear
I'll crawl a mile 'neath your shoes

Step it up
Step it up
It's the payback
The fix told you what you needed to do

What have you got
What do you need (from me now)
What do you think
There's no difference between me and you

Hey!
What's on top of the world when you get there
What's on top of the world (hey, hey!)
What's on top of the world when you get there
What's on top of the world

What's on top of the (hey!)
What's on top of the (hey!)
What's on top of the world (hey, hey!)

What's on top of the world
When you get there
Waiting for me

Hey!
What's on top of the world when you get there
What's on top of the world (hey, hey!)
What's on top of the world when you get there

What's on top of the world

What's on top of the (hey!)

What's on top of the (hey!)

What's on top of the world (hey, hey!)

What's on top of the world

When you get there

And who's selling it to me

It's here

It's gone

The sound

Its gotcha

It's here

It's gone

The sound

Its gotcha

It's here

It's gone

The sound

Its gotcha

It's here

It's gone

The sound
