Oh Yeah! Yay!
Baby, baby!
Look around
Look around
Tell me what you see
It's going down without you
Look around
Look around
Show me anything
That makes you feel like I wanna belong
What have you got
What do you need (from me now)
What do you think
There's no difference between me and you
Hey!
What's on top of the world when you get there
What's on top of the world (hey, hey!)
What's on top of the world when you get there
What's on top of the world
Step it up
Step it up
Before you disappear
I'll crawl a mile 'neath your shoes
Step it up
Step it up
It's the payback
The fix told you what you needed to do
What have you got
What do you need (from me now)
What do you think
There's no difference between me and you
Hey!
What's on top of the world when you get there
What's on top of the world (hey, hey!)
What's on top of the world when you get there
What's on top of the world
What's on top of the (hey!)
What's on top of the (hey!)
What's on top of the world (hey, hey!)
What's on top of the world
When you get there
Waiting for me
Hey!
What's on top of the world when you get there
What's on top of the world (hey, hey!)
What's on top of the world when you get there
```

```
What's on top of the world
What's on top of the (hey!)
What's on top of the (hey!)
What's on top of the world (hey, hey!)
What's on top of the world
When you get there
And who's selling it to me
It's here
It's gone
The sound
Its gotcha
It's here
It's gone
The sound
Its gotcha
It's here
It's gone
The sound
Its gotcha
It's here
It's gone
```

The sound
