

# Fire & Forgive

Powerwolf

Fire & Forgive  
We all  
Fire & Forgive  
We call  
Fire & Forgive

Sons of god and sacrament  
The night we're dying for  
By the call of pyromania  
Bring fire into war

Rest in flame by testament  
At midnight we return  
Raising fodder for the living  
The trail of life we burn

Rex patrum  
Insilis  
Picata mundi diris.  
Rex patrum  
Ignis imperia.□

And we bring fire, sing fire  
Scream fire & forgive  
Forgiving the liar, by fire we live  
We bring fire, sing fire  
Scream fire & forgive  
The last of the blood we will give

Fundamental armament  
The price we all ignore  
Bring to fallen as the savior  
To son of god we swore

Once ignited out of it  
The beast we all can tame  
By the whitest of the holy lore  
Come praise the lord in flame

Rex patrum  
Insilis  
Picata mundi diris.  
Rex patrum  
Ignis imperia

And we bring fire, sing fire  
Scream fire & forgive  
Forgiving the liar, by fire we live  
We bring fire, sing fire  
Scream fire & forgive  
The last of the blood we will give

Fire, fire, fire & forgive  
Fire, fire, fire & forgive

Fire & Forgive  
We all

Fire & Forgive  
We call  
Fire & Forgive

And we bring fire, sing fire  
Scream fire & forgive  
Forgiving the liar, by fire we live  
We bring fire, sing fire  
Scream fire & forgive  
The last of the blood we will give□
