

# Cleansed by Fire

Powerworld

Verse 1:

Feeling cold and bored inside,  
there is no meaning got to loosen the ties.  
Open heart and open mind,  
true believing with no compromise.

Pre-Chorus:

I've been searching, wasting all my time, just to see.  
I've been dreaming, walking through the fire, burning down inside.  
This time I know the meaning, emotional healing.

Chorus:

I'm cleansed by fire. Cleansed by fire.

Verse 2:

Blinded by your sweet disguise,  
I have lost myself living a lie.  
Stuck somewhere I don't belong,  
never seen what's been going on.

Pre-Chorus:

I've been searching, wasting all my time, just to see.  
I've been dreaming, walking through the fire, burning down inside.  
I see my wounds are healing, never stop believing.

Chorus:

I'm cleansed by fire. Cleansed by fire.

Solo

I've been searching, wasting all my time, just to see.

Oh, fire. I'm cleansed by fire.
