I see their missiles. east and west and they're pointing straight at you they are rearming to be the best and there is nothing you can do

[Chorus:]
I see fire
I see war
and expire no more

I see the danger, hanging over you head I see the bombs up in the clouds a press on a button and you'll be dead and there is no way out

[Chorus]
[Solo]
[Chorus]

In every nation, they are ready to fight and ready to win but all in all it's just a battle of pride and this will be the end

[Chorus]

Look out
