

# Seal It With a Kiss

Prince Royce

Your touch feels like a flame  
Burning away, screaming my name  
Sex, passion, no pain  
We've come face to face  
I want you to stay

Come on, come on, mami  
Don't be shy  
Come on, come  
Show you the time of your life tonight  
Shake it, shake it, mami  
Don't hold back  
Baby, baby, when you move just like that  
Just like that

Let me seal it with a kiss  
I just wanna take your love down slowly  
You ain't gotta say a word, just hold me  
Only thing I need's a taste of your lips  
Let me seal it with a kiss  
Let me put my hands all over your body  
Get a little crazy, wild and naughty  
Only thing I need's a taste of your lips  
Let me seal it with a kiss

Let me seal it with a kiss  
Let me seal it with a kiss

Te siento  
Aqui con migo

Hush, don't make a sound  
We're loving out loud  
Want your body right now  
A line deep in your eyes  
Are beautifully bright  
Keeping my mind

Let me seal it with a kiss  
I just wanna take your love down slowly  
You ain't gotta say a word, just hold me  
Only thing I need's a taste of your lips  
Let me seal it with a kiss  
Let me put my hands all over your body  
Get a little crazy, wild and naughty  
Only thing I need's a taste of your lips  
Let me seal it with a kiss

Let me seal it with a kiss  
Let me seal it with a kiss

I just wanna take your love down slowly  
You ain't gotta say a word, just hold me  
Only thing I need's a taste of your lips  
Let me seal it with a kiss
