

# Call My Name

Prince

Call, call my name  
Call it, call my name

Eye heard Ur voice this morning calling gout my name  
It had been so long since Eye heard it that it didn't sound quite the same,  
no  
But it let me know that my name had never really been spoken b4  
B4 the day Eye carried U through the bridal path door

And ever since that day Eye haven't wanted anyone but U  
And anybody who really knows me knows the truth

Eye just can't stop writing songs about U  
Eye love U so much  
Eye just can't wait 2 get my arms around U  
And feel Ur touch  
If eye don't c U real soon baby girl  
Eye might go insane  
Eye know it's only been about 3 hours  
But Eye love it when U call my name

Eye heard a voice on the news saying people want 2 stop the war  
If they had a love as sweet as U they'd 4get what they were fighting 4  
What's the matter with the world 2day?  
The land of the free? Somebody lied  
They can bug my phone and people 'round my home  
They'll only c U and me making love inside

Eye just can't stop writing songs about U  
Eye love U so much  
Eye just can't wait 2 get my arms around U  
And feel Ur touch  
If eye don't c U real soon baby girl  
Eye might go insane  
Eye know it's only been about 3 hours  
But Eye love it when U call my name

Eye've never seen the moon look so lovely as the night Eye saw it with U  
It let me know Eye'd never seen the moon b4  
So many speak of the moon as though it had no flaws  
But 2 compare it 2 a beauty like Urs would give 1 pause  
Nothing about U is false, that's why Ur love is real  
God 4bid if U belonged 2 another Eye'd have 2 steal U  
Eye'd have 2 take U from Ur man  
Eye might b tempted 2 break the law round here  
Because Ur beauty, it gives 1 pause  
It slows me down

Eye just can't stop writing songs about U  
Eye love U so much  
Eye just can't wait 2 get my arms around U  
And feel Ur touch  
If eye don't c U real soon baby girl  
Eye might go insane  
Eye know it's only been about 3 hours  
But Eye love it when U call my name
