

# Silicon

Prince

Welcome 2 the slaughterhouse

Silicon  
Rope of silicon  
Just a rope of silicon  
The rope of silicon

One day U'll get outside the doo-rag  
When U really want 2 contemplate this, jacked up (Jacked up) Paranormal situa  
tion that your people got into  
Can I hip U?  
Long ago who considered the outcome?  
Now I'm thinking that a cat like U would be troublesome  
And sock U in the mind tangling curriculum  
Guaranteed 2 leave U in a state of delirium  
While all along teaching they kids in the valley 2 become unlike U:  
broke and dumb

Just a rope of silicon  
Rope of silicon  
Just a rope of silicon  
Rope of silicon

On a magical rope of silicon  
U can bet that they'll be chillin` in Babylon  
Thinking about a way that they can split the proton  
While U eating all the bloody chicken and dead prawn  
Mickey D. shake and a filet mignon  
Swearing up and down U the picture of health, now come on!

Just a rope of silicon (Dance)  
Just a rope of silicon  
Rope of silicon  
U're just a rope of silicon (U)

2 the slaughterhouse

Leave that blood alone  
Don't U know that dead blood kills interferons  
Making the immune system victim 2 whereupon  
Any known virus can boot up and log on

Rope of silicon  
Just a rope of silicon  
Rope of silicon  
Just a rope of silicon

Rope of silicon (3x)  
Just a rope of silicon  
Now U've found me, now that U're here  
Let's talk about the U in this con  
If U're getting bored don't front, just yawn  
This is the kind of stuff that requires patience  
Never mind the rhyme just relax and wax the song  
That on and on and on and on  
Ain't gonna stop `till the early mornin`  
Break it down, later on come break down, y'all

What?

Dance (5x)  
(Dance on the funk)  
Just dance  
(Dance on the funk)  
Dance  
(Dance on the funk)  
Just dance  
(Dance on the funk)

Rope of silicon  
Just a rope of silicon  
Just a rope...

This is why U was looking 4 me? Then check it  
Let`s talk about the U in this con  
If U`re getting bored don`t front, just yawn  
Cuz this is the kind of stuff that requires patience  
Don`t think, just wax on  
If U are the eye that is the pawn  
U beget the dead fruit of Armageddon  
Thick skin reigns in the realm of the pseudonym  
While the blows taken by the silly con  
The family does well with God 2 keep it strong  
Never a paradox, never a hexagon  
U plus he or she keep going on  
But with another one of U in the title of this song

Goes on and on and on and on and on and on

Rope of silicon  
Just a rope of silicon  
Rope of silicon  
Just a rope of silicon

Dance, dance on the funk (10x)  
Dance (2x)
