

# (There'll Never B) Another Like Me

Prince

It really don't matter who you get with  
Cuz it just ain't meant 2 b

It really don't matter  
Cuz you never shoulda woulda,  
Even coulda been like me

Eye can get you what you want anything  
At all girl all you gotta say is please  
Ask ur mother ur sister ur brotha  
There'll never b another  
Never b another like me

Late afternoon slipped outta my bed  
Turned up the stereo  
About 2 raise the dead

Slipped in the bathroom  
Put some olive oil in my hair  
Walked in the closet  
Tryin' 2 find something 2 wear

Then I check my emale  
2 c where the party b  
Change the names 2 protect the guilty  
And get ready 2 creep  
Should eye bring somebody  
Or dance alone?  
It don't matter 2 me u'all  
Cuz 2nite is on

Bout a half past ten and eye'm on my way  
Heard you had a fine little puerto rican dj  
If she ain't got prince's new song  
There is gonna b a scene  
Cuz eye can't stand nobody cussin'  
At me when I'm clean

Arms all around me  
Soon as eye hit the door  
Good thing I ate my spinach  
U're thicker than b4  
Oh what's this boy doing  
Y he makin' that face  
Don't he know eye have crazy friends with me  
Ready 2 tear up this place?

Bout a half past ten and eye'm on my way  
Heard you had a fine little puerto rican dj  
If she ain't got prince's new song  
There is gonna b a scene  
Cuz eye can't stand nobody cussin'  
At me when I'm clean

Can't you c this is inevitable  
What's the use in wastin' time?  
U and me we could be com4table

All that takes is 4 you 2 make up ur mind  
So now what's the matter?  
U and me, we both dimes  
Said we were  
All them other pennies should scatter  
We ought not waste this time  
That's y...

Bout a half past ten and eye'm on my way  
Heard you had a fine little puerto rican dj  
If she ain't got prince's new song  
There is gonna b a scene  
Cuz eye can't stand nobody cussin'  
At me when I'm clean
