

# Underneath the Cream

Prince

Wait a minute...  
Turn the, turn the phones up  
Yeah...cool

Lookin` out the window of a big black limousine  
Thinkin` bout your thighs  
Wishin` I was somewhere in between  
In one single motion  
Deep inside your ocean  
I just wanna be

Underneath the cream  
Can't stop thinkin` about Ure...thighs  
Somewhere in between  
That`s where I wanna be, that`s where I wanna be  
Underneath the cream  
You and I, I, I, I  
Somewhere in between  
Your thighs

Cell phone, passport  
All your inhibitions  
Spread out on the floor (Deep inside)  
Deep inside your life-giving ocean, sugarpop  
Rests my consciousness (let me stay) just a little more  
Here`s what I wanna do, babe  
So talk to me  
Don't get me started  
Come into this wet dream-eternal  
Pretend I am you and teach me without shame  
Take my hand, put it in the place  
That turned you out the most last time you came  
Useless deliberation (useless deliberation) leads to frustration  
Trust me, I know  
Somewhere in between seven days and nights  
That`s how far, baby  
You wanna go?

Underneath the cream  
Can't stop thinkin about ure...thighs  
Somewhere in between  
That`s where I wanna be, that`s where I wanna be  
Underneath the cream  
You and I, I, I, I  
Somewhere in between  
Your thighs, your thighs

Somewhere in between this wet dream, it seems  
I never should've let you go  
Now that you've returned I yearn to learn  
All the feelings you never dared to show  
Come into this wet dream eternal  
Pretend I am you and uh let`s... Oh  
Somewhere in between, I dream  
Underneath the cream (2x)

Tell me, tell me, tell me

Whatcha waitin` on baby, tell me  
We can do this thing, yeah  
Underneath the cream  
We need to get right down  
Cuz I got something ew, ew, ew  
Groovy groovy groovy...  
(Groovy underneath the cream)  
It`s groovy underneath the cream  
Underneath the cream
