

# Coochie Coo

Princess Superstar

Uh, uh  
Uh, uh

Hey boy do you wanna use me  
Got something much better than sushi  
My, my, my coochie  
Creamy like butter, better ask my groupies  
Why you over there by yourself  
What you got there below your belt  
Even though I got an ass like a shelf  
Listen baby doll I'm gonna need some help  
You know we don't care, you just a true player  
Move on over my underwear, when you're down don't come up for air  
Wet, wet, get the steam  
On your knees boy, better bow to the queen  
You can take one for your team  
Eat some cookies, lick the cream, uh

Uh, uh, my coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo

Touch it, touch it, cause I'm nice  
Coochie, coochie goes all night  
Got it goin' on, better step to me right  
Coo-coo always knows what you like  
Touch it, touch it, make it hot  
Better promise me that you ain't never gonna stop  
Ride on elevators, ride to the tops  
We like chickens, we like cocks

My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo

I said, I said, my coochie, my coochie  
My coochie, my coochie, my coochie, my coochie  
My coochie, my coochie, uh, uh

My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo  
My coochie, coochie, coochie, coo

I said, I said, my coochie, my coochie  
My coochie, my coochie, my coochie, my coochie  
I said, I said, my coochie, my coochie  
My coochie, my coochie, my coochie, my coochie  
That's what I said
