

Virgin Suicide

Private Line

Not even you could be so selfish
Not even you could be so cruel
I tried to find another reason
But ended up paying the dues

Yeah, I might be naive
But I wouldn't let you break down
All those eyes won't lie
Rain flows through the roof
And starts to run inside

I know she wasn't there
But I hear you call my name
I'm not the one I was before
But I'm there just for you
I'm there just for you!

All for one and one for us!

Only if you knew how it feels like
Only if you knew what you've lost
You could be right here by my side
But you left it all behind

Yeah, I might be naive
But you wouldn't let me break down
Yeah, I can't deny
Rain flows through the roof
And starts to run inside

I know she wasn't there
But I can hear you call my name
I'm not the one I was before
But I'm there just for you
I lay down on the floor
This empty place you called your home
And I'm waiting for you

All of the spaced out time we spend
Ain't yet so far
All for one and one for us!
You used to say: Time heals, but won't fade scars
Yeah, you fly around me, baby
Now I'm breaking down
Yeah, you're in the ground now
Baby, I'm breaking down

I know she wasn't there
But I can hear you call my name
I'm not the one I was before
But I'm there just for you
Yeah, I'm there just for you
I'm there just for you
I'm there just for you
