

# Ain't Like You

## Problem

Something like a stranger  
Long time, no see  
I've been in a film or two  
But it's you that's acting Hollywood lately  
I've been watching from a distance  
Yeah, you poppin' in your snaps and on IG  
See you livin' life but girl it's been a minute  
Since you checked up on me

Oh, oh, oh  
It ain't like you to be so cold on a nigga  
It ain't like you to not hit my phone  
It ain't like you to be so cold on a nigga  
It ain't like you to up and get gone  
It ain't like you to not pick up when I call you  
It ain't like you to just not be home  
It ain't like you to be so cold on a nigga  
Tell me why you gotta be so, be so cold

Something like a stranger  
Long time, no see  
It's been hard to find you lately  
Like we playing hide and go seek  
I can read the signs, baby  
I think you found another me  
But that could never be, baby  
But it seemin' like you don't agree (damn)

Oh, oh, oh  
It ain't like you to be so cold on a nigga  
It ain't like you to not hit my phone  
It ain't like you to be so cold on a nigga  
It ain't like you to up and get gon'  
It ain't like you to not pick up when I call you  
It ain't like you to just not be home  
It ain't like you to be so cold on a nigga  
Tell me why you gotta be so, be so cold

Playing games is not the things I do (no, no, no)  
It could be just me and you (yes, yes, yes, yea yea)  
Notice how you treat me  
Disrespect is what you do to me  
Tables always turn  
But for now I'm learning

Oh, oh, oh  
It ain't like you to be so cold on a nigga  
It ain't like you to not hit my phone  
It ain't like you to be so cold on a nigga  
It ain't like you to up and get gon'  
It ain't like you to not pick up when I call you  
It ain't like you to just not be home  
It ain't like you to be so cold on a nigga  
Tell me why you gotta be so, be so cold
