

## On Deck

## Problem

Yea  
Diamond Lane

I whip Muscato when I'm with my bitches,  
Tequila when I'm with my homies  
If you around me and you ain't my mane  
I won't mind if you fuck my hoe  
I'm out here tryna do my Kobe  
DL this mac, I'm loathin  
You only a bitch, I'm a star  
Word to my daughter, send my baby boy no joke  
Just hit these joints, I'm flowin  
Seem higher than everybody else  
Been killin shit then I'm reloadin  
Then you could die with everybody else  
Like in her pussy, I'm about to snatch her  
Bling bling, that's put ya'll to reation  
Nigga on my plug, I'm taxin  
Real surround, my word like captain

East LA reminisce, with kush smoke I'm ready to go  
Got niggas, bitches ready to hold  
Niggas thinkin this big shit talkin  
All I talk is the shit that I know  
Practice what I'm preachin all day  
At least ten times a day I pray  
These devils sure know how to get to you  
Tryna figure how they know the way, know the way  
Up in my garage on the crib then I'm back on em  
It's frontin too hard, bro back on that  
Smoke big days of tobacco bruh  
No laptop but I better mac on that  
Every time we out, diamond lane gang  
3 fi fo, come ride in my lane  
Niggas love talk but be scared of my game  
Oh my Lord did a favor complain  
You bad girl, and I need you here with me dawg  
Yo man got you in that car  
Let me hook up yo ride like repo  
Yea I probly won't but  
It sound good, when I eat that pussy you sound good  
'Cause that noise we make and that noise you make  
It gonna make my neighbors go call a bank and hold up  
Girl show some control

This is the route that I chose  
I drove fast as I could, homies show love when I pass through the hood  
Don't have to ask and you know that I'm good  
Know that I'm good  
Say we can't fly, I showed em we could  
2-0-1-3 I'm totally booked (for mobbers)
