

# Good, You Are Distant

## Project Pitchfork

Good, you are distant  
we're on our way  
to encounter resistance  
yet don't know  
why we're in existence

Language is  
a useful glove  
yet a prison for  
the heart in love

You are the problem  
the answer and the cure

How much more  
will you endure

You are the problem,  
the answer and the cure

Just how much more  
will you endure

The signs are clear  
but what can we do  
they rebel in games  
without a clue  
the time rents out  
how can we prevent  
to kill ourselves  
in the end

You are the problem  
the answer and the cure

How much more  
will you endure

You are the problem,  
the answer and the cure

Just how much more  
will you endure

Language is  
a useful glove  
yet a prison for  
the heart in love

The time rents out  
how can we prevent  
to kill ourselves  
in the end

You are the problem,  
the answer and the cure

How much more  
will you endure

You are the problem  
the answer and the cure

How much more  
will you endure

The signs are clear  
but what can we do  
they rebel in games  
without a clue

We're on our way  
to encounter resistance  
yet don't know  
why we're in existence

You are the problem,  
the answer and the cure

How much more  
will you endure

You are the problem,  
the answer and the cure

How much more  
will you endure
