

# Shadow of Death

Prozak

Half angel, half devil  
Half man, half beast  
Half wolf, half ape  
Half war, half peace

You'd better pray to God and hope that He will walk beside you  
Cause in your darkest hour the reaper is sure to find you

Half angel, half devil  
Half man, half beast  
Half wolf, half ape  
Half war, half peace

You'd better pray to God and hope that He will walk beside you  
Cause in your darkest hour the reaper is sure to find you

I never asked for it  
Chosen to be the chosen one to gather souls of those chosen to become post-mortem  
To live or damn eternal fates of the wrong  
Either embrace by heaven's fate, so enslaved by Satan's throne  
I've gone by many names, pronounced with screams of pain  
I've walked through valleys of dark and embarked through hells flames  
Such a shame that in the end I am all you have left  
Now draw your last breath, hello, my name is death

The only thing that's certain  
I guarantee to each and every person  
Here through the curtains and I'll be there lurkin  
A predator with man, I'm forced to enforce the course of nature provided by  
umen bits and plants  
These hands are so callous from years of such malice  
Sir fear is thaw power, sever but must balance  
It here to my talent, some here you must vanish  
Time for one's loved one to drink from thaw chalice

Half angel, half devil  
Half man, half beast  
Half wolf, half ape  
Half war, half peace

You'd better pray to God and hope that He will walk beside you  
Cause in your darkest hour the reaper is sure to find you

Half angel, half devil  
Half man, half beast  
Half wolf, half ape  
Half war, half peace

You'd better pray to God and hope that He will walk beside you  
Cause in your darkest hour the reaper is sure to find you

It never seizes to amaze me  
Witness them screaming and carry on when I come for their babies  
Or mothers, fathers, brothers, daughters  
Husbands, wives, uncles, slaughter  
I just do what I'm supposed to

But yet you feel the need to bleed when you see my shadow's amongst you  
You pray for forgiveness, perhaps a second chance  
I do not speak your language, why must you even ask  
Your body fills with a ravisance  
Your eyes opened, why do people dilate with self-analysis  
So just relax and let it go  
Let the rings of fate delegate responsibility of your souls  
And it's over now, your soul has reached its destination  
And it's funny how you're at the gates of hell but yet your body's underground  
And deafening silence always seems to be the only sound  
As you're descending down

Half angel, half devil  
Half man, half beast  
Half wolf, half ape  
Half war, half peace

You'd better pray to God and hope that He will walk beside you  
Cause in your darkest hour the reaper is sure to find you

Half angel, half devil  
Half man, half beast  
Half wolf, half ape  
Half war, half peace

You'd better pray to God and hope that He will walk beside you  
Cause in your darkest hour the reaper is sure to find you

Ye though I walk through the valley of a shadow of death, thou shalt fear no  
evil, for Thou art with me, Thy rod and Thy staff - shalt comfort me
