Oceans

PUP

Gone to sea
Came back with that memory
A while away
You can't count them anyways
We're all the same

I keep getting under
You keep watching my heart bleed
I keep getting under
My heart— I can barely breathe

Seaside lost
Turns bones to dust
My old flame
She still counts them anyways

I keep getting under
You keep watching my heart bleed
I keep getting under
My heart— I can barely breathe

You keep getting under
I'll keep on watching my heart bleed
Not getting under
My heart— I can barely breathe

I keep getting under
You keep watching my heart bleed
I keep getting under
My heart— I can barely breathe

You keep getting under
I'll keep on watching my heart bleed
Not getting under
My heart— I can barely breathe
