

Dead Weight

PVRIS

If we start cracking at the centre I won't let it break
Hold it together through the weather, it's my DNA
So sick of being your giver, throwing my soul away
A-a-a-all give, no-no-no-no take

Look what you started
You're turning me heartless
I'm trying my hardest
If I'm being honest

I can't take it over and over
Dead weight hanging off of my shoulder
Nothing changes, I'm getting colder
Dead weight hanging off of my shoulders
(O-o-oh, o-o-oh, o-o-oh, o-o-oh
O-o-oh, o-o-oh, o-o-oh, o-o-oh)
Dead weight hanging off of my shoulders

If I start cracking at the centre all this goes away
I'm staying numb to my feelings, dodge 'em like novocaine
My back is breaking from taking all of this dead weight
A-a-a-all give, no-no-no-no take

Do you even notice
How easy you got this?
Taking wings off a goddess

If I'm being honest

I can't take it over and over
Dead weight hanging off of my shoulder
Nothing changes, I'm getting colder
Dead weight hanging off of my shoulders
(O-o-oh, o-o-oh, o-o-oh, o-o-oh
O-o-oh, o-o-oh, o-o-oh, o-o-oh)
Dead weight hanging off of my shoulders

A-a-a-all give, no-no-no-no take
A-a-a-all give, no-no-no-no take
A-a-a-all give, no-no-no-no take
A-a-a-all give, no-no-no-no take

(O-o-oh, o-o-oh, o-o-oh, o-o-oh
O-o-oh, o-o-oh, o-o-oh, o-o-oh)

I can't take it over and over
Dead weight hanging off of my shoulder
Nothing changes, I'm getting colder
Dead weight hanging off of my shoulders

I can't take it over and over
Dead weight hanging off of my shoulder
Nothing changes, I'm getting colder
Dead weight hanging off of my shoulders
