## Quiet Riot

Not a lover not a fighter  
Always out of my league  
Sometimes maybe  
Life ain't what it seems  
There's a man in the back say's  
I gotta keep still  
Someone at the front door  
Says just do what you will  
Do what you will !  
My ears are ringing  
With voices unclear  
The sun is setting  
Is it love or is it fear

I'm angry  
I'm an angry young man  
When love ain't enough  
Angry-I'm an angry young man when  
My heart's gettin tough  
I'm an angry young man  
Yes I am !

Running down the alley  
On a hot summer's day  
Fellin kinda dangerous-trouble  
One step away  
Well I'm walkin the walk  
And I'm talkin the talk  
But when it comes to lovin  
I'm alone in the dark  
Yes I am !  
Runnin on empty under the gun  
The pressure's building  
The storm has just begun...

Angry  
I'm an angry young man  
When love ain't enough  
Angry-I'm an angry young man when  
My heart's gettin tough  
Angry I'm an angry young man when  
I can't get enough  
I'm an angry young man  
When push comes to shove  
I'm an angry young man !

Give it to me !

I got emotional baggage  
That I drag around  
With all this dirty laundry  
I gotta get outa town  
Yes I do !  
Say hello to my demons  
I count them as friends  
Ain't no denyin they'll be here til  
The end.

Cause I'm angry...

Angry, angry I feel hopeless

Angry angry, I love my face.
