

# Checking for You

R. City

I been missing you lately  
Do you think about me, baby?  
No, I can't come home  
Yeah, these streets so crazy  
I don't wanna be broke  
Gotta make it or take it  
I gotta get my dough  
I gotta feed these babies

So if I ring your cell  
Just making sure that everything is bless  
Girl, you're always on my mind  
Can't you tell no matter where I go  
No matter what me do, me always check for you

Cause I'm just calling for you darling  
First thing in, in the morning  
I'm checking for you  
I don't want nothing but I've been hustling  
Just in case something happen  
I'm checking for you

Out here with the man them, posted up on the counter  
Just tryna find ways to get off of the corner  
Even through all of that, you're running through my head  
Out here doing what I gotta do to make sure you're straight

So if I ring your cell  
Just making sure that everything is bless  
Girl, you're always on my mind  
Can't you tell no matter where I go  
No matter what me do, me always check for you

Cause I'm just calling for you darling  
First thing in, in the morning  
I'm checking for you  
I don't want nothing but I've been hustling  
Just in case something happen  
I'm checking for you

Every day I'm out here on my grind  
On my job going hard like it ain't no tomorrow  
It's a whole lot of money out here  
All I'm tryna do is get my cut like a barber  
And you know that I must make sure you're right  
While me a work all through the night  
Should've never have to lift a hand, not for anybody  
Cause I'mma hold you down for life  
And I just wanna know how you're doing  
Sometimes I need to know how you're doing  
Nice man, nice man??  
So make sure you answer the phone  
Make sure you answer it, don't let it ring, let it ring  
I just need to know that you're good  
I would be right with you right now if I could  
You don't have to ask cause you know that I would  
So tell me what's good

Cause I'm just calling for you darling  
First thing in, in the morning  
I'm checking for you  
I don't want nothing but I've been hustling  
Just in case something happen  
I'm checking for you
