

# Killing Time

R3hab

Blindly, running in the dark  
Am I shadow?  
To those who've played the part  
I know that I'm fine, yeah  
I'm sure it's all good  
Sometimes it feels like  
I'll never get far

I wanna say, say, say  
What's on my mind  
Why would I play it safe?  
Just draw in the lines  
Or dream it all away  
Through half shut eyes  
Won't live a life just killing time

I wanna say, say, say  
What's on my mind  
Why would I play it safe?  
Just draw in the lines  
Or dream it all away  
Through half shut eyes  
Won't live a life just killing time

I wanna say, say, say  
What's on my mind  
Why would I play it safe?  
Just draw in the lines  
Or dream it all away  
Through half shut eyes  
Won't live a life just killing time

Standing back against the wall  
I was raised to, rise, not fall  
I'm sure it's all good  
I know that I'm fine  
But it's hard when you want it all

I wanna say, say, say  
What's on my mind  
Why would I play it safe?  
Just draw in the lines  
Or dream it all away  
Through half shut eyes  
Won't live a life just killing time

I wanna say, say, say  
What's on my mind  
Why would I play it safe?  
Just draw in the lines  
Or dream it all away  
Through half shut eyes  
Won't live a life just killing time

I wanna say...  
Why would I play it safe?  
Just draw inn the lines

Or dream it all away  
Through half shut eyes

I wanna say, say, say  
What's on my mind  
Why would I play it safe?  
Just draw in the lines  
Or dream it all away  
Through half shut eyes  
Won't live a life just killing time

I wanna say, say, say  
What's on my mind  
Why would I play it safe?  
Just draw in the lines  
Or dream it all away  
Through half shut eyes  
Won't live a life just killing time
