

## Look At Us Now

R5

Two years in the golden state  
Stayin' up and writin' way too late

Everybody's always workin'  
Mom and dad are always drivin' everywhere  
Lookin' back at our life  
It really makes you be aware

And  
Don't think we ever forgot  
We know way more then a lot  
This last year has gone so good  
Some of you may say we should

We've come so far from the past  
And they said we'd finish last  
They just don't know how

Look at us now!

We've come so far from the past  
And they said we'd finish last  
They just don't know how

Look at us now!

Walking on this long road  
People saying never stop  
All the pain and the heart ache  
Is what took us to this spot

And  
Don't think we ever forgot  
(Don't ya think?)  
We know way more then a lot  
(Oh-oh)

This last year has gone so good  
Some of you may say we should

We're going all the way  
We're going all the way  
Away  
Away  
We're going all the

We've come so far from the past  
And they said we'd finish last  
They just don't know how

Look at us now!

We've come so far from the past  
And they said we'd finish last  
They just don't know how

Look at us now!

We  
We'll never forget  
Who

The reason why we've never givin' up  
(Never givin up)

And if they try too  
Bring me down  
(Ooh)

No I won't let them  
I'm never givin' in

Oohhhhhh

Away,  
We're going all the way  
We're going all the way

Look at us now!

Look at us now!

We've come so far from the past  
And they said we'd finish last  
They just don't know how

Look at us now!

We've come so far from the past  
And they said we'd finish last  
They just don't know how

Look at us now!

Uh-oh  
Look at us now!

LOOK AT US NOW!
