Peace to half-moon Caesars and all the bitches in the bleachers  
Hot weather, sex on the beaches, jury shopping out of the country  
Deluxe luxury, people sayin' dem not change, look, truckle me

But what about the Wonder Woman bracelet?  
Two-oh point three diamond cut engraved rubies, kid I laced it  
My sweet tooth gotta nigga throbbin', ready for robbin'  
But first hit Maria's, for a butter almond  
The bionic microphone is stacked mechanic  
Move like a bunch of Mexicans with bandanas

Son, it's on, so we can just Maximillion  
I got the spot sewn, so we can make a billion  
The God's tropical, ladies call me black fruit punch  
Rainbow, flavored niggas, murder niggas for lunch  
Peace to the Paris crew in the avenue and my nigga, Jay Love  
Who carries switch blades on the red roof

Yo, the first branch, the third leaf, whoever want it got beef  
I politic, show love, crush those who dare creep  
Into my realm of sunshine, I praise divine  
Fine line between dawn of dumb, deaf and blind  
He ain't mine, he shook like the faggots on daytime  
Crossed over grain while we was bubblin' moonshine  
Sippin' on the Moet, laid up, Rae-Gambino  
Mastermind the plan, Tony Starks, Cappachino

Develop while your head be swellin' up all for the nation  
Blinded by the ice while I release the confrontation  
Donna holy fat bads of weed, ravioli  
Pasta, Bodyguard the killa bee songs like Kevin Costner  
Infrared all inside your bumba rasta  
Cappadonna pimped the derby like the mobster

Yo, back in the days, baggin' crack, scrapin' plates  
Flippin' cakes to them heavy head, niggaz hatin' Jakes  
It be us, all the war's soldiers, hangin' in halls gettin' over  
City niggaz who for blood money rockin' Rovers  
Stay dipped, don't have no money in your pocket  
In the streets while these people mark money in their Jeep  
Crack bums, watch your back for jumps  
Caught before a fake twenty dollar bill, get em son, we ain't the one

Politickin', purse vickin', sick of these Dominicans  
Eatin' good, had to shoot my way up out of Bennigans  
That's life, to top it all off, beef for white  
Pullin' bleach out tryin' to throw it in my eyesight  
Yo, what the fuck was on yo mind?
