

## Cry Baby

Raheem DeVaughn

You ain't got no business making me feel like this, oh yeah  
It's the way you watch your back when you watch your lips, oh y  
eah

You got something, I can't comprehend  
Can you handle it when I'm all the way in?

And I'll probably make cry baby, baby  
When I love your body like I do  
When I make you say uh  
Now the tears joy baby and I'll probably make you  
Cry baby, cry out, when I . this love beside you  
I'm right to say uh  
So baby cry, cry!

So can't wait to damn the lights and make you  
You scream baby, maybe don't lean bad, let me dive right in, oh  
yeah  
You . round the way put that on my face  
Can you handle it when I'm all the way in?

And I'll probably make cry baby, baby  
When I love your body like I do  
When I make you say bu  
Now the tears joy baby and I'll probably make you  
Cry baby, cry out, when I . this love beside you  
I'm right to say uh  
So baby cry, cry!

You'll be screaming baby, screaming my name baby when I'll go i  
n  
Shaking and then trembling and waiting up the sheets  
Handle like a shower from the sky above  
You're my rainfall, you're my .

Get your body like you baby  
Turn to papa tryin' to make you cry

You're gonna be my cry baby  
Gonna love your body like I do  
Wanna make you say  
I'll kiss your tears but cry baby  
And it gonna be make you .  
You're . love beside you .

Cry cry cry
