

# Miss Your Sex

Raheem DeV Vaughn

I was hoo-oo-oo hoping you would answer  
Maybe hoo-oo-oo hoping you would call  
Maybe one shot too many got me wishful thinking  
Reminiscing on the love we had

I know that its late  
And I don't wanna disrespect your situation but  
Hol' up baby wait  
I gotta get this up off of my chest

There's something you should know  
Baby you're a tough act to follow  
And when I'm all alone and I'm staring at the walls  
In the back of my mind I hear my conscious call

I miss you hear  
And you undress  
And the excitement of your heart beating out your chest  
The way we lay it down  
And everything that comes next  
I miss your touch, I miss your kiss, I miss your sex

I miss you hear  
And your nastiness  
I miss the wetness of our bodies when we sweat  
When you pull me in  
And everything that comes next  
I miss your fill, I miss the thrill, I miss your

I miss your  
I miss your

S-e-x baby I miss your sex [x4]

I miss creeping your thighs the look in your eyes  
Baby when you release it  
And there I go there I go unto the rim releasing all the love we had

Baby are you still on the line  
Can I get it one mo' time  
Can I hit it hit it one mo' time  
Taste it one mo' time  
Don't make me contain it

I miss you hear  
And you undress  
And the excitement of your heart beating out your chest  
The way we lay it down  
And everything that comes next  
I miss your touch, I miss your kiss, I miss your sex

I miss you hear  
And your nastiness  
I miss the wetness of our bodies when we sweat  
When you pull me in  
And everything that comes next  
I miss your fill, I miss the thrill, I miss your

I miss your  
I miss your

This ain't bout what I can't have  
This is only bout what I want  
This is only bout what I need  
I need you next to me

And I know its kinda crazy how we strayed away  
Used to miss the love we had  
I'm going through withdrawals  
Said I miss you bad

I miss you hear  
And you undress  
And the excitement of your heart beating out your chest  
The way we lay it down  
And everything that comes next  
I miss your touch, I miss your kiss, I miss your sex

I miss you hear  
And your nastiness  
I miss the wetness of our bodies when we sweat  
When you pull me in  
And everything that comes next  
I miss your fill, I miss the thrill, I miss your

I miss your
