

# Now We're Through With You

Rancid

You took blood with the wrong crew  
Now we're through with you  
You took blood with the wrong crew  
Now we're through with you

Do you remember, yeah  
Yesterday we stood side by side  
We were once so close, man  
Now we are back [?]

You took blood with the wrong crew  
Now we're through with you  
You took blood with the wrong crew  
Now we're through with you

Is this what you wanted?  
Oh, you better expect defeat  
Wanted a war now, yeah  
[?]

You took blood with the wrong crew  
Now we're through with you  
You took blood with the wrong crew  
Now we're through with you
