

Now We May Begin

Randy Crawford

Now we may begin all over again
To build that dream we sought
Oh, what a bad start
Now we may begin from where we left off
To find that truth we lost
No matter the cost

I ve grown a little stronger
As you live, you learn
Learn the ways of wisdom
What a fool I was
It took a little longer
To put it all together
I should have known better
That a bad dream always ends

Now we may begin, it s just like the fall
We re on a sad and lonely road
A long way to home

I ve grown a little stronger
As you live, you learn
I ve learned the ways of wisdom
What a fool I was
It took a little longer
To put it all together
I should have known better
That a bad dream always ends

Now we may begin, it s just like the fall
We re on a sad and lonely road
With a long way to go, mmm
A long, long way to go
Took a little time, yeah, yeah
Got a long, long way to go
