

I been flyin' high as a kite
I got my licks just about right
Kinda likin' this part of the sky
I been flyin', flyin'

I been rollin', rollin', ain't had a wink of lsleep
Goin' on damn near a week
Hopin' I can keep it all together
I been rollin', rolin'

Got a new buzz on ever since I met you
Got a new buzz on, yeah, I'm feelin' good
Am I too far gone? Baby, you can bet you
Ever since I met you, got a new buzz on
Got a new buzz on

I poured my share of Maker's
Tokeda little smoke
I been moonshine blind
A couple times, and all I know is
When you put your fingers on me
And hit me with a touch, it's too much
It's too much... it's too much

Got a new buzz on ever since I met you
Got a new buzz on, yeah, I'm feelin' good
Am I too far gone? Baby, you can bet you
Ever since I met you, got a new buzz on
Got a new buzz on

And ooh-wee, what you got me on, it's too easy
Keep me comin' back, then you go and tease me
Well, that "Come and get me" look, yeah
I'm hooked, I'm hooked

I got a new buzz on ever since I met you
Got a new buzz on, yeah, I'm feelin' good
Am I too far gone? Baby, you can bet you
Got a new buzz on, yeah

Got a new buzz on ever since I met you
Got a new buzz on, yeah, I'm feelin' good
Am I too far gone? Baby, you can bet you
Ever since I met you, got a new buzz on
Got a new buzz on

Ever since I met you, got a new buzz on
