

# Uncle Bob's Midnight Blues

Randy Newman

I'm goin' down to the corner  
Gonna have myself a drink  
I'm goin' down to the corner  
Gonna have myself a drink  
'Cause that shit that we been usin'  
It sure confuse my thinking

I'm goin' down to the drugstore  
Buy myself a goat  
Tie him up in my front yard  
For all my so called friends to see  
Ain't nobody gonna look in window and laugh at me  
I been up so long that it looks like down to me

Please don't talk about me when I'm gone  
Baby, are you against me too?

Had a great idea the other night  
Come, A, Ti, Yi, Yippie, baby  
Look out  
When the blue of the night  
Meets the gold of the day

We love you  
We love you  
We love you
