

I see you and you see me
How serious can this be? Oh oh...
I see you and you see me
How serious can this be? Yeah...

I met you at the age of 4
I was crawling on the kitchen floor
When I made it to the carpet, I saw my father
My father...sitting on the couch, nodding his head, yeah
Here's what I did...so I crawled a little bit closer, yeah
And he stepped on my hand
That's when I met my soul
That's when I met my soul
That's when I met my soul, yeah

I see you and you see me
How serious can this be? Yeah...oh oh...
I see you and you see me
How serious can this be? Yeah
