

Day Dreams

Raphael Saadiq

Have you ever wants to buy something for someone you love
Something that you couldn't afford it?
But you just buy it anyway, you know where that go

Yes I'm living on daydreams
Goin' buy me somethin' I can't afford
Guess we living on daydreams
Goin' buy me somethin' I can't afford

When the price ain't right and everything ain't looking right
But you still want it all
This line is long but I still find a check this I told em
But nothings more special than bringing my kiss to you

Yes I'm living on daydreams
Goin' buy me somethin' I can't afford
Guess we living on daydreams
Goin' buy me somethin' I can't afford

When the sun comes up I find myself
Spending money on foolish necessities
This woman got is worth a lot
But man she sure hits the spot
Nothing more special than bringing them gifts to her

I'm living on daydreams
Goin' buy me somethin' I can't afford
Guess we living on daydreams
Goin' buy me somethin' I can't afford

Take it on, take it on,
Uh

I'm living on daydreams
Goin' buy me somethin' I can't afford
Guess we living on daydreams
Goin' buy me somethin' I can't afford

When the sun comes up I find myself
Spending money on foolish necessities
This woman got is worth a lot
But man she sure hits the spot
Nothing more special than bringing them gifts to you

I'm living on daydreams
Goin' buy me somethin' I can't afford
'Cause we living on daydreams
Goin' buy me somethin' I can't afford

'Cause we living on daydreams
Goin' buy me somethin' I can't afford
'Cause we living on daydreams
Goin' buy me somethin' I can't afford

'Cause we living on daydreams
Goin' buy me somethin' I can't afford
'Cause we living on daydreams

Goin' buy me somethin' I can't afford
