Oh Girl (Remix)

Raphael Saadiq

You know you saved me from myself
You knew I needed help
Now many girls consume my time
and all of this hurts my life
And there you were

Oh girl (oh girl)
Oh girl (oh girl)
Oh girl (oh girl...oh girl)
You changed my world
Oh girl (and...oh girl)

I promise I won't let you down
I'll make (Imma make you so proud)
you proud
I promise I won't let you down
I'm gonna make you so proud
I'll keep you hear next to mine
And I'll be everything you need
Believe me girl

Oh girl (oh girl)
Oh girl (oh girl)
Oh girl (oh girl...oh girl)
You changed my world
Oh girl (and...oh girl)
You changed my world
You changed my world
and...love you girl
oh how can I repay you
You changed my world
You changed my world
