

Poppin Bottles

Rasheeda

Maybe we can hit the bar, and we can pop a few bottles
Maybe we can hit the bar, and we can pop a few bottles
Maybe we can hit the bar, and we can pop a few bottles
We can pop a few bottles, we can pop a few bottles

Maybe we can hit the bar, and we can pop a few bottles
Maybe we can hit the bar, and we can pop a few bottles
We can pop a few bottles, we can pop a few bottles

Up in the club, fly as an eagle
Fresh out the Lambo, on dubs, me and my people
Yeah I got the 8 G's, but who's counting
And when me and my crew walk through, we move mountains
Headed to the bar, I don't want a waiter
Let me walk and talk, so these hoes can see these gators
On my feat, don't they look sweet?
And yeah my belt match, and then I got the hat
I know she love that, cause she kept on looking
This ATL bitch, I ain't from Brooklyn
I don't know what you doing, I don't know what you thinking
But me and my niggas wanna know what you drinking

Maybe we can hit the bar, and we can pop a few bottles
Maybe we can hit the bar, and we can pop a few bottles
Maybe we can hit the bar, and we can pop a few bottles
We can pop a few bottles, we can pop a few bottles
Maybe we can hit the bar, and we can pop a few bottles
Maybe we can hit the bar, and we can pop a few bottles
Maybe we can hit the bar, and we can pop a few bottles
We can pop a few bottles, we can pop a few bottles

I step up in the club, just like a diva
Everybody know who it is, it's Rasheeda
Yeah I got the Chanel shades, with the bag
Got your man looking at me, cause I'm bad
Headed to the bar, broads rolling eyes
Cause I'm looking cute, so I ain't surprised
Yeah it's Rasheeda, I look like a model
Y'all having drinks, but we poppin' bottles
I know he love that, cause he kept on looking
This ATL baby, I go back to Brooklyn
I don't know what you doing, I don't know what you thinking
But me and my ladies wanna know what you drinking
