Rasheeda

He like my hips, he like my switch
He like when I drop drop drop it like this
Don't hurt nothin, don't hurt nothin, don't hurt nothin girl, don't hurt not
hin
Drop it low, sweep the flo with it
Drop drop it low, sweep the flo with it
Sweep the flow with it, sweep the flo with it
Drop drop it low, and sweep the flo with it

He like my hips, he like my switch
He like it when I drop it down low like this
You can look but don't touch
You wanna pay for it, but you ain't got enough
My style, my thang, sippin my drank
Looking good in my Gucci jeans and the tank
Ms. Bubble Gum, don't think I ain't
Top notch chick with top notch rings
Watch me do my dance
It's game time, wanna see the football stance
All my real girls get down on the flo
And like Flow Rida said, get low

He like my hips, he like my switch
He like when I drop drop drop it like this
Don't hurt nothin, don't hurt nothin, don't hurt nothin girl, don't hurt not
hin
Drop it low, sweep the flo with it
Drop drop it low, sweep the flo with it
Sweep the flow with it, sweep the flo with it
Drop drop it low, and sweep the flo with it

A billion dollar diva with a billion dollar swagger
Bouncing this ass back, can you be my chiropractor?
It's a no vector, your girl is no trick
But I will take his money if he tryna pay my wrent
It makes sence, don't it?
You wanna jump up on it
You like the way I rock and twist, then I check up on it
I need a new aponent, I'm too rittzy
3 shots of Grey Goose, so you know I'm tipsy
No you can't kiss me, but you can licky licky
Don't mix me with the other chicks and them quicky quickys
And if you coming with me, you can taste my rainbow
It's 32 flavors, I bet I make him leave his main hoe

He like my hips, he like my switch
He like when I drop drop drop it like this
Don't hurt nothin, don't hurt nothin, don't hurt nothin girl, don't hurt not
hin
Drop it low, sweep the flo with it
Drop drop it low, sweep the flo with it
Sweep the flow with it, sweep the flo with it
Drop drop it low, and sweep the flo with it

He walked up and said I look better than my photo
I look like the type to make a thug go loco
Bet he think he slick

Wanna take me home, but I ain't that chick
Unless you gon trick
I'm talking car money, so I do mean trick
Don't nothin come free
I don't do broke niggas, and they don't do me
Back to the bassline, watch how I move it
Got the fellas hollaring "girl do it do it do it"
All you gotta do is bend your knees and get low
And work that booty while you sweep that flo

He like my hips, he like my switch
He like when I drop drop drop it like this
Don't hurt nothin, don't hurt nothin, don't hurt nothin girl, don't hurt not
hin
Drop it low, sweep the flo with it
Drop drop it low, sweep the flo with it
Sweep the flow with it, sweep the flo with it
Drop drop it low, and sweep the flo with it
