

## No gods, no war

Rawside

2000 years of civilisation wars  
church of hate  
money and politics  
jesus christ died for it  
crucified  
everybody who believes  
in your fucking god,  
in historical lies you stay  
the preacher is telling you  
if you wanna lose your sins  
you have got to pay

No Gods, No War  
No Gods, No War

No Gods, No War,  
the end of time  
means no more tears  
and no more crime  
No Gods, No war
