

# Out Of My Life

Ray Charles

Drifting away, from the way that it used to be  
Can't see much reason here to stay

Summer has gone now, but long live the memories  
Just as the seasons will, you've changed  
Guess it always happens that way

I know you're out of my life  
And I can see, I must have been out of my mind  
To set you free  
Free of all the chains that find you  
And of all the love that finds you  
If we both had seen forever  
Shouldn't we have stayed together  
I know you're out there somewhere  
And I imagine, that after all you still care for you and me  
Though you're out of my life  
You're still on my mind

Nobody's home now  
Where I thought home had always been  
Like the turn of a page the door is closed

Baby come lately  
I've grown enough to realize  
You're all that there is for me to know  
You're as the rivers must flow

I know you're out of my life  
And I can see, I must have been out of my mind  
To set you free  
Free of all the chains that find you  
And of all the love that finds you  
If we both had seen forever  
Shouldn't we have stayed together  
I know you're out there somewhere  
And I imagine, that after all you still care for you and me  
Though you're out of my life  
You're still on my mind
