

No Other Way

Ray LaMontagne

I will bring you Starlight by the barrow
I will bring you Roses by the score

There's no other way
There's no other way
There's no other way

Meet me in the Twilight by the seaside
Meet me underneath the Willow's fall

There's no other way
There's no other way
There's no other way

(I can see through you can see through me)

I'm all black and white like empty paper
Waiting for you to color me in

There's no other way
There's no other way
There's no other way
