

# That Old Song

Ray Parker Jr.

A good song and a love affair  
Go hand in hand together  
When you think you've gotten over one  
The other holds on to your forever

I've tried hard to forget (To forget love)  
Ever lovin' you  
But just when I've convinced myself  
It's over with, then I hear

That old song that they used to play (That old song)  
On the radio just about every day  
And whenever I hear it all I can do  
Is reminisce about lovin' you

That old song that they still play (That old song)  
Keeps me longin' for the good old days  
The lyric and the melody (Melody)  
Remindin' me how in love we used to be

I shouldn't be tellin' you this  
I know that I'm out of place (Out of place)  
But when I love another woman  
I can still see your face, baby

Maybe this is a sign for us (We should get back)  
To try and get back together  
You can't imagine that those memories (Those memories)  
Do to me every time I hear

That old song that they used to play (That old song)  
On the radio just about every day  
Whenever I hear it all I can do  
Is reminisce about lovin' you

That old song that they still play (That old song)  
Keeps me longin' for the good old days  
The lyric and the melody (Melody)  
Remindin' me how in love we used to be

(That old song)  
Think of you and me  
Every time I hear that song

I recall the good times  
When I hear that song, that song, that song  
Makin' me realize  
That I want you back, girl

Every time I hear that song (Keep on playin' that old song)  
Keep on playin' that old song  
Ooh, when I hear that song (Keep on playin' that old song)  
It reminds me of a love so strong, mmm...

Mr. DJ, would you please play (Keep on playin' that old song)  
That old song  
Help me bring my baby back home (Keep on playin' that old song)

Keep on playin', playin' that old song
