

Hey green river what can I do?
if it's alright I'll walk next to you
sit in the shade of your beechwood trees
don't you know these days I ain't hard to please

sprinklers coming on
a shower in
and the runoff feeds the flow of your muddy water
your many thousand
your for your hungry
cause you know that we are all your sons and daughters

hey green river what can I do?
if it's alright I'll walk next to you
sit in the shade of your beechwood trees
don't you know these days I ain't so hard to please
