

New Twist on an Old Groove

Rebecca Lynn Howard

Too many people throwing it away
No not us, not today
Love won't make it
Without changing your moves
Put a new twist on an old groove

Hey now we made up our minds
Every time should feel like the first time
C'mon baby, now let's show them what we do
To put a new twist on an old groove

[Chorus:]

When we feel uptight
We don't wait long
If the music ain't right
We get a new song
When love ain't heatin' us up
We think of something cool
To put a new twist on an old groove
They say love is forever
Made to last
But every now and then
It needs a kick in the ass

[Chorus:]

To put a new twist on an old groove
To put a new twist on an old groove
Baby I love when you do that thing
Put a new twist on an old groove
To put a new twist on an old groove
