

# God Of Thunder

## Rebellion

We've made the way  
To Kiew and the rapids we survived  
The Dnepr now runs  
Peaceful as the dragon swiftly glides  
An island in the waters  
With ancient oaks appears  
A place to hail the thunder god Thor  
I fell you near

7 goats we brought  
As a sacrifice  
So Thor may smile  
We offer blood for life

And gold we have  
To bury here  
Make strong our arm  
So we shall never fear (never fear)

Oh god of thunder  
Thy power rise  
Raise the swords  
Accept our sacrifice

Oh god of thunder  
We call to thee  
Thy hammer rules  
Now and for eternity

The pole amidst the oaken circle  
Holds an ancient spell  
Runes carved in the blackened wood  
Where mighty spirits dwell  
Seven times we walk the circle  
Leading our goats  
Offering their blood  
As we open up their throats

7 goats we brought  
As a sacrifice  
So Thor may smile  
We offer blood for life

Oh god of thunder  
Thy power rise  
Raise the swords  
Accept our sacrifice

Oh god of thunder  
We call to thee  
Thy hammer rules  
Now and for eternity

Oh god of thunder  
Thy power rise  
Raise the swords  
Accept our sacrifice

Oh god of thunder  
We call to thee  
Thy hammer rules  
Now and for eternity

Oh god of thunder  
Thy power rise  
Raise the swords  
Accept our sacrifice

Oh god of thunder  
We call to thee  
Thy hammer rules  
Now and for eternity
