

## Eyes to the Sky

Red Line Chemistry

There's no way to get out  
And there's no way to stay in  
And I'm stuck in the middle of everything  
Stuck in the middle of everything I wanna be  
I don't wanna be a part of this  
I can't stand to be apart from this  
I'm so divided...  
I'm stuck in the middle of everything  
Stuck in the middle of everything I wanna be

Eyes to the sky to find a sign  
Some kind of navigation light  
Shining in the night to learn the tide  
Like rising from a shallow grave

And there's no way to get out  
And there's no way to stay in  
And I'm stuck in the middle of everything  
Stuck in the middle of everything I wanna be

There's no way to get out  
And there's no way to stay in  
Lifeless and waiting on the shore  
This ship was meant to sail away  
Lifeless, waiting, patient, breathing  
Let healing restore feeling  
Lifeless, waiting, patient, breathing  
Let healing restore feeling

Eyes to the sky to find a sign  
Some kind of navigation light  
Shining in the night to learn the tide  
Like rising from a shallow grave

There's no way to get out  
And there's no way to stay in  
And I'm stuck in the middle of everything  
Stuck in the middle of everything I wanna be  
I wanna be
