Happy To See Me

Red Lorry Yellow Lorry

In your smile I could tell you were happy to see me I n your eyes I could tell you were happy to see me

I was running from a world so cold, I was on the other side And oh if love could be an easy game, I 'd be in your arms toni ght

This is right, when you're down you look happy to see me All along I could tell you were happy to see me

I was running from a world so cold, I was on the other side And oh if love could be an easy game, I 'd be in your arms toni ght

In your eyes I could tell you were happy to see me All along I could tell you were happy to see me

Happy to see me. Happy to see me.
