

# Where You Gonna Go

Rednex

Willie Billie, Willie Billie Where you gonna go  
Say Willie Billie, Willie Billie Where you gonna go  
Willie Billie, Willie Billie Where you gonna go  
When your bill is not playing playing

Willie was a musical guy playing a nose that almost touched the  
sky

He waited to go on an audition to play for Rednex  
But did he play well - no no no  
Did he rock the bill - no no no

Willie Billie...

Where you gonna go  
Where you gonna go Oh Willie  
Where you gonna go  
To play your giant nose

When he was about to perform madly  
He caught a cold before badly  
And sprayed us like a waterfall sadly  
And said now I will - go go go  
Me and my bill - go go go

Willie Billie...

Where you gonna go...
