

Forevermore

Regine Velasquez

There are times when i just want to look at your face
With the stars in the night
There are times when i just want to feel your embrace
In the cold night
I just can't believe that you are mine now

You were just a dream that i once knew
I never thought i would be right for you
I just can't compare you with anything in this world
You're all i need to be with forevermore

All those years i've longed to hold you in my arms
I've been dreaming of you
Every night i've been watching all the stars that
Fall down
Wishing that you'd be mine
I just can't believe that you are mine now

Time and again there are those changes
That we cannot end
Sure as time keeps going on and on
My love for you will be forevermore

I just can't compare you with any anything in this
World
You're all i need to be with forevermore

Never thought?

I just can't compare you with anything in this world
You're all i need to be with forevermore

You're all i need forevermore
You're all i need forevermore
You're all i need forevermore
