

# Marching On

## Rend Collective Experiment

Let our praises remind all the darkness  
Of how great and how mighty our God is  
For the battle belongs to the Lord and no one else  
We are standing in holy defiance  
We're declaring aloud in the silence  
That the battle belongs to the Lord and no one else, no one else

[Rend Collective & Hillsong Young & Free:]  
We'll sing "Hallelujah" for all Hell to hear  
Shout out "Hosanna" above every fear  
Strongholds will crumble like castles of sand  
We are marching on, we're marching on  
We're marching on  
We're marching on

[Rend Collective:]  
Your unstoppable kingdom advances  
As we take back the ground from the darkness  
The battle belongs to the Lord and no one else  
You're the banner we raise in the chaos  
No, the gates of Hell won't stand against us  
The battle belongs to the Lord and no one else, no one else

[Rend Collective & Hillsong Young & Free:]  
We'll sing "Hallelujah" for all Hell to hear  
Shout out "Hosanna" above every fear  
Strongholds will crumble like castles of sand  
We are marching on, we're marching on  
We're marching on  
We're marching on

In the chaos, the crisis  
The troubles, the trials  
The shadows, the sorrows  
The long nights, the hard fight  
We are the prophets, the voice in the darkness  
Declaring the battle is Yours

We'll sing "Hallelujah" for all Hell to hear  
Shout out "Hosanna" above every fear  
Strongholds will crumble like castles of sand  
We are marching on, we're marching on  
We'll sing "Hallelujah"  
Shout out "Hosanna"  
Strongholds will crumble  
We are marching on, we're marching on

We are marching on...
