

# Heroes of the Waterfalls' Kingdom

## Rhapsody of Fire

The horns of war were sounding  
On icy winds the echoes of ancient fears will breathe again  
Soon on the edge of the Northlands  
The future of our world would be decided

Nel timido soffio del vento  
Al nuovo sorriso del sol  
Si scopre la valle dorata  
Incanto d'anima e cor

Sentiero ce ormai ti nascondi  
Rivela la via che fu  
Tra quercia, castano ed abete  
Al nostro passo silente

Odori sfumati nel senso  
Colori ormai senza eta'  
Tra resine ed erbe inebrianti  
Tra ombra e verita'

Leggiadra visione di sogno  
E di parallela realta'  
Transcendi l'umana coscienza  
Pacando il mio fiero ardore

OR SPLENDE IN ME LA TUA LUCE  
NEL SUO RIFLESSO PACE ED AMOR  
IL VERDE INTIMO MANTO  
E DELLA ROCCIA IL GRIGIO PUDOR  
INCANTO E PURA ENERGIA  
RICOLMA D'ANTICA SAGGEZZA

IO CANTO LA TUA MERAVIGLIA  
DIVINA E MISTICA ESSENZA  
INCANTO E VERA MAGIA  
TRA NEVE, RUGIADA E TEMPESTA  
NEL SOGNO, MITO E LEGGENDA  
LO SPIRITO DELLA FORESTA

Ti amo o madre natura  
O vita che data mi fu  
Or splendi scintilla infinita  
Tra il verde, il grigio ed il blu

Vi amo creature dei boschi  
Pulsanti di vita e ancor piu'  
Custodi d'astrali pensieri  
Che a noi si celano arcani

OR SPLENDE IN ME LA TUA LUCE  
NEL SUO RIFLESSO PACE ED AMOR  
IL VERDE INTIMO MANTO  
E DELLA ROCCIA IL GRIGIO PUDOR  
INCANTO E PURA ENERGIA  
RICOLMA D'ANTICA SAGGEZZA

IO CANTO LA TUA MERAVIGLIA

DIVINA E MISTICA ESSENZA  
INCANTO E VERA MAGIA  
TRA NEVE, RUGIADA E TEMPESTA  
NEL SOGNO, MITO E LEGGENDA  
LO SPIRITO DELLA FORESTA

Warriors and dragons from the middle lands  
Knights from the Western far rocky plains  
Elves from the wide majestic green lakes  
Bravehearts from the South and the icy North

The astral alignment will show all its might  
Be ready to get the stars' holy sign  
They'll show us all one true face of the sin  
The century's last... last great eclipse

March from the corners of the Earth  
(March for the Earth... all march)  
For the fate of your world

In this day of doom and blazing rage  
Of clashing titans, anger, hate  
May the hells collapse again

Acqua ch'or scendi  
Or ruvida or stanca  
Nel quieto singhiozzo  
Tu scavi la roccia

Or lava la mano  
Di quel mezzo uomo  
Che 'si trasparente  
Ti ruba al suo pianto

IN BETWEEN AMAZING LAKES  
AND BREATHTAKING WATERFALLS  
VALIANT HEROES FOUND THEIR FATE  
RODE AND FACED THE BLACK STORM

IN THE FURY OF THE WIND  
AT THE HARDEST CLASH OF STEEL  
VALIANT HEROES RAISED THEIR SWORD  
FOR THE SAKE OF THE WORLD

ERIAS, THARIN, ARDUN, MORLA

Mighty Earthquake, invincible thunder  
Now unleash your utmost power  
Lift the wings, the wings of our angels  
In this new and horrific war

Send the North wind to freeze  
Any fear in our hearts  
Finally allied for an angel who spoke  
Against the unborn

March from the corners of the Earth  
(March for the Earth... all march)  
For the fate of your world

In this day of doom and blazing rage  
Of clashing titans, anger, hate  
May the hells collapse again

Acqua ch'or scendi  
Or ruvida or stanca  
Nel quieto singhiozzo  
Tu scavi la roccia

Or lava la mano  
Di quel mezzo uomo  
Che 'si trasparente  
Ti ruba al suo pianto

IN BETWEEN AMAZING LAKES  
AND BREATHTAKING WATERFALLS  
VALIANT HEROES FOUND THEIR FATE  
RODE AND FACED THE BLACK STORM

IN THE FURY OF THE WIND  
AT THE HARDEST CLASH OF STEEL  
VALIANT HEROES RAISED THEIR SWORD  
FOR THE SAKE OF THE WORLD

The news of victory spread like lightning across the land  
This battle ended with the army of darkness in total defeat  
Their unholy blood spread across the snow  
And dried black in the glorious sun of the Northlands

The moment has come  
We must hurry!

Take the eyes...

Alright  
Aelin fits perfectly on the left  
And Mornir on the other side

The angels will speak

These vibrations...

As I said it is the time of the angels  
No... no my brothers! Look at the statue  
Look and Thanor... look!...

The spirit of Thanor rose from the abyss  
Where Nekron tortured his body and soul  
After his betrayal in the last of the primordial wars  
When the spirt reached the statue, the Earth quaked

Fly... fly mighty Thanor  
For your revenge and our freedom!

A prophecy trapped between icy winds  
The words of an angel now cleary revealed  
The day of the last terrific eclipse

Spit of the abyss, dark slaves of the beast  
Who creep in the shade of bleeding dark worlds  
Face us if you dare, we challenge you all

Epic clash of immortals  
Demons, angels and men  
Fire raining from Heaven  
Chaos storming from hell

A dragon condemned to abandon his world  
Could open his eyes, awake and reborn  
Led by the angels he could finally rise  
Enflaming the air of the Northern skies

A battle too hard to be faced by a man  
A fight for who owns the magic of Earth  
A sacrifice needed to stop a new hell  
A mystical weapon, the forbidden spell

Gods of light, angels of the highest cosmic spheres  
My friend Etherus, master wizard of the White Dragon's Order  
Gave his life for the beloved lands  
Thanks to him Koras, the mightiest of the seven demons, was defeated  
Thanor returned victorious after destroying the six other winged demons  
In the darkness of the eclipse  
Guided by the divine light of angels he killed them all  
One by one, foiling Nekron's dark plans  
And for what would be the last time he entered the main hall  
And magically returned to stone

In between amazing lakes  
And breathtaking waterfalls  
Valiant heroes found their fate  
Rode and faced the black storm

In the fury of the wind  
At the hardest clash of steel  
Valiant heroes raised their sword  
For the sake of the world

IN BETWEEN AMAZING LAKES  
AND BREATHTAKING WATERFALLS  
VALIANT HEROES FOUND THEIR FATE  
RODE AND FACED THE BLACK STORM

IN THE FURY OF THE WIND  
AT THE HARDEST CLASH OF STEEL  
VALIANT HEROES RAISED THEIR SWORD  
FOR THE SAKE OF THE WORLD

FOR THE SAKE OF THE WORLD

Thanor opened his eyes once again  
Aelin and Mornir were brighter than ever  
He stared at Dargor  
Still not finished...

No, no...  
Why me? Why?

It is the decision of the gods and the angels

But I am half demon  
There is evil blood pounding in my heart  
You know it!

That is the reason why  
You have met darkness and light... and you chose  
You are the most powerful of us all  
The elected... the chosen one...

So... so be it  
I accept my fate

Dargor's destiny was finally clear  
His death was only physical  
But from the rest of the shadowlord's body  
A new form of life was born

Erian's angelic spirit now embraced Dargor's immortal soul  
Combining the supreme energies of the cosmos  
To become pure divinity  
A god of cosmic light  
Did breathe on the Earth... again
