

My Woman

Ricky Nelson

I got a woman here, she want's time to live
I got a woman here, she just want's to give
So if you got things on your mind, tell her right away
Give her time, I think you'll find
She'll turn your nighttime into day

La da da da da da da da da da da
La da da da da da da da da da da

But if you take her to your heart, move her close to you
And don't tell her any lies, she won't see you through

I got a woman here, tryin' hard to please
She can take you anywhere, anywhere you wanna be
And when you think she isn't there, she'll turn around to you and say
Stay a while, I like your style, you get better everyday

La da da da da da da da da da da
La da da da da da da da da da da
La da da da da da da da da da da
La da da da da da da da da da da
