

He Was On to Somethin' (So He Made You)

Ricky Skaggs

The moon ain't yellow and the moon ain't blue
It ain't made of cheese and it don't have a thing to do with me
and you
Your mind ain't straight and your heart can't break
Tears don't roll and lips don't taste
Like cherry wine sugar and honey dew
But honey when you tell me that you love me true
I believe in you and ooh, your love makes everything come true.

'Cause love makes a blue moon turn gold
Makes a heart break and makes a tear roll
When God made love I betcha he knew
That he was on to somethin' so he made you.

Midnight really ain't the middle of the night
It's easier to the left or a little bit to the right
It's ever so slight
The sun don't move and it can't go down
It never comes up and it don't roll around
Heaven all day the sun don't roll around
But honey when you tell me that you love me true
I believe in you and ooh, your love makes everything come true.

Love makes the sun come up and go down...
Love makes the sun come up and go down...
Yeah, he was on to something so he made you...
